ADHESIVES

General Information/Technical Data Sheet

AlbaChem® Embroidery Adhesive

Use for machine applique, quilting and embroidery. Great for basting quilt layers in preparation for quilting. Holds stabilizing interface in place for machine embroidery. Repositionable, clear, non-staining, no methylene chloride. AlbaChem Embroidery Adhesive is a fine mist adhesive that is great for all embroidery applications. It will not stick to sewing machine needles. Provides a great temporary bond for applique.

Packaging:

Item# 1076 Aerosol Can Net Wt. 13oz. (283 grams)

Case Shipping Weight: 14lbs

Advantages:

- Repositionable
- Clear/Transparent
- Non-Staining
- No methylene chloride

Directionsforuse:

Shake can well before using. Make sure surfaces are clean and dry. Hold can 6 to 8 inches from surface. Use a sweeping motion when spraying. Apply a light layer of adhesive as only a small amount is needed in most cases. To avoid clogging, after use turn can upside down and spray until a clean stream of air flows.

Environmental Benefits:

- Contains under 30% (by weight) of V.O.C.'s and complies with CARB VOC's standards.
- Does not contain vinyl acetate or other toxic adhesives.
- Product is stable and non-reactive under normal conditions of use, storage and transport.
- Meets the exception requirements for shipping as a limited quantity.
