EASIWAY

THE EASISOLV SPRAY SYSTEM

ESS-1

IDEAL FOR ALL FRAME SIZES

LOW PRESSURE APPLICATION

AIR DRIVEN & CHEMICAL RESISTANT

LITTLE MAINTENANCE REQUIRED

ESS-1 SYSTEM

Thank you for purchasing Easiway's ESS-1 EasiSolv Spraying System. The ESS-1 is an air driven, chemical resistant, low pressure, chemical application system that is designed to spray any liquid screen cleaning or reclaiming product. The Easisolv sprayers can be installed simply and need little maintenance.

ESS-1 FEATURES

Simply pull the trigger on the spray gun and chemical is siphoned automatically from the chemical container and sprayed directly onto the screen in a wide angle, directed, low-volume pattern. The only requirement for installation is compressed air.
