NEW GEN CLEANING FLUIDS

PROMAX 3000

A new generation cleaning fluid, manufactured using a newer “green” solvent, PROMAX 3000 will quickly remove grease, oil, dirt, cosmetic stains and Screen printing inks and soils from all fabrics. It is the ideal replacement for currently restricted products and boasts a zero VOC in all 50 states along with no shipping restrictions. PROMAX 3000 is a volatile spot remover that is profiled as being lower in toxicity than comparable products and has no detectable flash point below 100ºC. The ingredients are not Prop 65 listed and have EPA SNAP approval. It has minimal global warming potential and is non ozone depleting. PROMAX 3000 is not considered a toxic liquid and is not subject to the stringent OSHA monitoring regulations on methylene chloride.
