# TG350 Pro Series

## SPOT CLEANING GUN

The all new Target TG350 Pro Series Spot Cleaning gun is a quantum leap forward in spot cleaning technology. From it's precision adjustable nozzle to the integrated high speed air drying system, this high

**"Spot cleaning finally moves into the 21st century with the TG350"**

power, extended cycle gun sets the standard for spot cleaning today. The heavy duty Air Cooled drive unit has enough power to remove the toughest screen printing inks, stains and oil. It's quite run technology and weight distribution design greatly reduces operator fatigue associated with conventional guns.

The integrated high speed air drying system can be quickly connected using the supplied feed hose to your shop air supply or compressor. The air is activated by a side trigger and quickly speeds the drying process and helps eliminate the formation of rings on the fabric. Along with all Target guns, the TG350 utilizes our exclusive fluid saving high output pump design, for efficient cleaning and solvent economy. Spot cleaning finally moves into the 21st century with the TG350
